Carthage, Mo., and Pittsburg, Kan., to Have Government Savings Institutions

Washington, Oct. 22.—The board of trustees of the postal savings bank system today approved a list of forty-eight second class postoffices at which the plan will be given its first trial. The list includes one office for each state and territory.

Owing to the smallness of the appropriation it has been impossible to establish postal savings banks the first year in the large cities. Communities were chosen in which the conditions were exceptionally favorable for the development of a postal savings business, mostly industrial centers where wage earners will be especially benefited by the kind of banking facilities offered.

LADIES' AUX. TO O. R. C. ENTERTAIN

Promptly at 2:30 p. m. the ladies assembled in the J. O. O. F. Hall where they were called to order by Mrs. B. Hamilton, president of the Ft. Smith Division.

Her childhood days were spent in Michigan and at the age of 8 years she moved with her mother and sisters to Kansas, where she lived until her marriage to B. F. Hilliard June 7, 1887 at Joplin, Mo.

To this union were born two children, Mrs. Leta Williams of Dallas, Tex., and Frank Warren, of this city.

The first 16 years of their married life was spent in Monett, Mo. Mr. Hilliard came to Porum, Ok., October 6, 1904, and was followed by his family March 19, 1905, where the remainder of her life was spent until she was called to her Heavenly home.

She was a member of the Christian church of Monett, and never transferred her membership. She was very devoted to her family and home and was always ready with a helping hand whenever she found one in need.

Besides her husband and children she leaves a sister, Mrs. Cinda Baccala, of Greenville, Cal., and two nieces, Mrs. Nellie Rich, of Tulsa, Ok., and Mrs. E. Belle Hopkins, of South Bend, Ind., and a very large circle of friends to mourn her loss.

After ignoring the tariff question throughout the seven years of his presidency, the Colonel has suddenly discovered that the tariff needs reforming. This almost equals his discovery of the Ten Commandments.—Portland (Me.) Argus.

Curtice Boren commenced a replevin suit in the Circuit Court last week, against Fred Stump, asking for the possession of the Purdy Guide printing office at Purdy. This originates from the sale of the Purdy Guide to Mr. Stump by Mr. Boren, sometime ago. The office was placed in the possession of Boren, for which he gave bond. We understand Mr. Stump will buy a new office, as soon as possible, and continue the publication of the Guide. Sheriff Newman served the papers.—Cassville Democrat.

While in conversation today with Neal Walker, one of the progressive and up-to-date farmers of our county who lives on route 6, we inquired as to his sweet potato crop, knowing that Mr. Walker usually grows quite a few sweet potatoes. He informed us that he had out seven acres of sweet potatoes this year and that he had dug and stored one thousand and sixty bushels from the seven acres. As sweet potatoes are selling around a dollar a bushel it can readily be seen that this crop is a very profitable one.—Neosho Democrat.

The standing jury in circuit court was discharged Tuesday morning, with instructions to return on December 10, when an adjourned term of court will be held by Judge John T. Moore, of Galena, Mo., to try a number of cases in which a change of venue had been taken away from Judge Johnston. The grand jury remained in session until yesterday. It is very seldom that the standing jury is discharged before the grand jury is.—Neosho Miner and Mechanic.

There is confined in the county jail, a man charged with breaking into a residence at Monett, that is dangerously sick, with an ulcerated stomach. He refuses to give his real name, on account of his mother whom he does not want to know of his whereabouts. He says he was tried in Memphis, Tenn., a few years ago for killing a man and came clear. That he was sentenced to be shot in Mexico, for being concerned in killing some Mexicans, but got out of it and got away. He says at one time he was worth \$30,000, but blew it all in. Nothing will lay on his stomach, not even water.—Cassville Democrat.

Did Congressman Charles H. Morgan, periodical but presistent congressional candidate down through the ages, did he imagine that he was "representing" the people who elected him so many times on so many different kinds of tickets, when he voted for a tariff tax of only 47 per cent on hats valued at more than \$18 a dozen and a tariff tax of 77 per cent on hats valued at \$4.50 a dozen or under? Its well enough, when a man is running for the 'steenth time for an office, to look into his record a bit—or even two bits.

Misses Lotta and Rachel Schrantz, Irene Jennison, and Eva Gables, of Carthage, visited Mrs. G. W. Powers Sunday. They were on their way home after a visit at Seligman.

VOTER MAKES THE GOVERNMENT

A government is good in proportion as the average morality of the average individual is aggressive; and a government is bad in proportion as the average morality of the average individual is low and lethargic. When good citizens attend to their civic duties, their civic energy is represented by good officials; when they are careless their slothfulness is represented by corrupt officials.

The character of a government whether city, state, or national, depends entirely on the will of the majority; and no government is better than a majority of its voters. The best governed state is that in which good citizens are the most active; and the worst governed state is that in which good citizens are most inactive.

If each individual were to give his attention to the public business as his own, which it is, after all, every good official would have behind him the aggressive morality of his constituents, and this would confront every bad official, and say to him, "No farther shalt thou go."
